

## JOIN TO PROMOTE IRRIGATED LANDS

Seventeen States Represented  
at Important Gathering  
in Salt Lake.

### COMPETITION OF PRODUCTS

PUBLICITY FOR FARMERS AND  
CROPS IS THE SLOGAN.

The newly elected officers of the United Exposition Association of Irrigated States are:

President, C. S. Sinsell, Boise.

Secretary-treasurer, R. L. Atkinson, Boise.

First vice president, H. M. Gilbert, North Yakima, Wash.

Second vice president, Prof. L. A. Merrill, Salt Lake.

Members: J. H. Wilson, Hood River, Ore.; C. E. Edwards, San Francisco; Dwight Woodruff, Hamilton, Mont.; B. C. Buffum, Worland, Wyo.; Lee Hanes, Denver, Colo.; W. B. Henning, Albuquerque, N. M.; R. L. McMillan, Delhart, Tex.; R. C. Erbe, Leoti, Kan.; and John McMillan, Idaho Falls, Ida.

Showing unbounded enthusiasm and sturdy purpose, delegates from seventeen irrigated states met yesterday, permanently organized the United Exposition Association of Irrigated States, and adopted resolutions affiliating the body with the National Farm Land Congress of Chicago.

The association proposes to use its power in every way possible to bring about all kinds of legitimate publicity to the advancement of farming in the United States, and particularly throughout the irrigated states.

Upon the permanent organization of the association, which was temporarily established during the United States Land and Irrigation exposition held at Chicago last November, permanent

officers were elected for the forthcoming year. They are all men thoroughly familiar with irrigation as well as the best means of securing publicity that means advancement for the farmer.

The convention, which started at 11 o'clock yesterday morning at the Commercial club, was opened with the appointment of committees necessary to permanent organization. Those present were: C. M. Hill, president of the Idaho Commercial club, headquarters in Twin Falls; C. J. Sinsell, temporary president, Boise; R. L. Atkinson, temporary secretary, Boise; J. H. Wilson, Downey, Ida.; G. H. Shellenberger, Boise; J. E. Taylor, Salt Lake; Prof. E. D. Ball, state expert in irrigation, Logan; Prof. L. A. Merrill, Salt Lake, director State Farmers' Institute; C. A. Walsh, Chicago; L. W. Johnson, Pocatello; W. H. Coffin, Downey; W. E. Wheeler, Idaho Falls.

**Treatment Not Right.**

During different speeches of the morning it was brought out that the United association had not been accorded right treatment by the Chicago newspapers during the United States Land and Irrigation exposition. This was accounted for by the fact that the Chicago Tribune was backing the exposition, and this caused the other newspapers to keep silent for the most part.

Shortly after noon the convention took a recess and enjoyed a luncheon with President Joy H. Johnson of the Commercial club. At 3:30 o'clock the session was resumed and a comprehensive speech was made by C. A. Walsh of Chicago. He went over the history of the United States Land and Irrigation exposition, which had caused the western farmers to think they were not getting what they started for in exhibiting at the exposition—namely, publicity.

He stated that he had started west in 1908 to get in touch with western commercial organizations for the purpose of organizing a body such as the present National Farm and Irrigation congress, and that it was not known at that time that the Chicago Tribune was backing the exposition.

Mr. Walsh presented two plans, which had been adopted by the congress to secure the maximum of publicity from the minimum of effort and expense; first, an educational congress, without exposition features, which could be conducted with no expense save the rent of an auditorium, the entertainment features and the incidental expenses of the organization; second, the same as the first, with an added feature in the form of a special exhibition feature, stocked by states and territories—the actual produce to be exhibited, with data covering cost of production, cost of land, freight rates, possible selling prices, etc.

This second plan was incorporated in the resolution adopted by the United Exposition Association of Irrigated States last night. The plan of the National Farm Land congress, is to use every news service, as well as various other syndicates furnishing material for weekly, monthly and special Sunday edition papers.

**Competition of Products.**

Reilly Atkinson spoke at some length, stating that he thought it was the opinion of those present not to hold an exposition themselves, but would welcome an opportunity to submit their produce in comparison with the best of the irrigated lands of the east or mid-west. He said that it would take a spectator but an instant to choose between a Utah or Idaho apple and one from New York.

As temporary secretary of the meeting, Mr. Atkinson then read a telegram from the secretary of the convention to the secretary of the United Exposition Association, which held its exposition there, if no other point had been decided upon.

W. E. Wheeler, for years editorially connected with newspapers, enlarged upon the idea of showing the actual fruits, grains, etc., as the best advertisement for farming sections. He also said that the one secret of advertising is to hammer, and then hammer some more, trying every kind of publicity that gives any indication of producing results.

Among other things embodied in the resolutions, was that the United association should assure itself that the sympathy and support of newspapers and press associations would be forthcoming before exhibiting in any city. The resolutions were then adopted.

"Believing that the conference to be held in Chicago April 13, 1910, will result in the organization of an association in line with these resolutions, we recommend that the different states and territories send delegates to that conference with the object of aiding to effect and participating in such an organization of national scope, and instructed to vote as follows:

"For plan number two, as adopted by the National Farm Land congress, November 30, 1909, at Chicago.

"To demand that the association shall secure then and there a pledge of support from the Chicago Association of Commerce, the newspapers and press associations.

"That the first exposition of the association be held at Chicago some time during the late months of 1910.

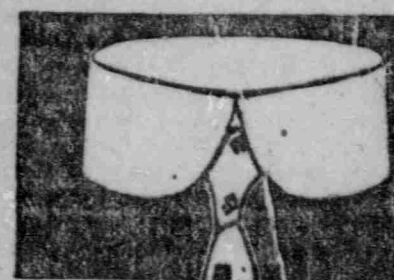

"We request the governor of each state to appoint a delegate to attend the conference above mentioned.

"That we appreciate the courtesy of Governor Spry of Utah in receiving the delegates to this convention, and his expression of sympathy with the purposes of the organization.

"That the thanks of this convention be extended to the Commercial club of Salt Lake City and its officers for the use of the club's rooms during our meetings, and the many courtesies extended.

An adjournment was taken at 4:30 o'clock, and the delegates were shown about the city by automobile during which trip a visit was made upon Governor William Spry, who expressed himself as greatly interested in the representatives of the farming class of the west. He promised that he would do all in his power to further the plans of the association. After this trip a return was made to the Commercial club, where final business was transacted and an adjournment taken.

For 30 consecutively numbered coupons, together with a small cash payment, you may have your choice of our splendid household premiums. See samples at Herald-Republican office.

## COL. ROOSEVELT BARRED BY THE POPE UNLESS HE SHUNNED METHODISTS

(Continued From Page One.)

Most have been given without the exchange of notes, the paper declares that the whole incident furnishes new proof of the "imperious transiendentalism of Cardinal Merry Del Val." And adds:

"Could Mr. Roosevelt, a free citizen of his own country, renounce his liberty in Rome for the sake of an audience with the pope? It is times that the advisers of the pope should understand that a certain imposition cannot be exacted.

Now that Mr. Roosevelt has made public the documents which the Vatican had considered confidential, Cardinal Merry Del Val, papal secretary of state, wishes the entire history of the negotiations of the audience which the former President sought of Pope Pius X. to be known.

Cardinal Merry Del Val is credited with the responsibility for the Vatican's part in the matter and the following may be accepted as his version:

Following the exchanges between Monsignor Kennedy, American Ambassador to Rome, and Mr. Roosevelt's decision not to be received under the terms proposed by the Vatican, the assistant secretary of state in 1909, and a personal friend of Mr. Roosevelt, called upon Cardinal Merry Del Val. Mr. O'Laughlin said: "I do not come in the name of Mr. Roosevelt, but on my own account as an American Catholic."

### A Retort Courteous.

Cardinal Merry Del Val said: "Then what are we here for? It is useless to discuss the matter. If you don't represent Mr. Roosevelt you cannot make any arrangement or speak for him."

Mr. O'Laughlin replied: "What I consider important is to tell your enemies that if the two dispatches sent by Monsignor Kennedy are retracted, I can assure you that Mr. Roosevelt will accept an audience."

Cardinal Merry Del Val said: "I will not discuss Mr. Roosevelt's rights; but give me confidential assurances that, if retracted, Mr. Roosevelt will not go to the Methodist mission and the audience will occur."

Mr. O'Laughlin refused to give this assurance.

The cardinal then said: "Mr. Roosevelt is free to go to the Methodist mission and do whatever he chooses, but the pontiff is certainly free not to receive an American who would claim the right to insult him on the day after having been received by him, or perhaps on the same day, as, according to your statement, he may leave Rome on the same day of the papal audience, thus having only between noon and evening Tuesday in which to see the Methodist."

"It is of little consequence whether he is a Catholic, Protestant, Israelite or Buddhist. All religions merit the same esteem. The important thing is to be honest and sincere. So far as the form of belief is concerned, I believe all honest people will always be on good terms with God."

## INJURED VISITORS ARE NOW RECOVERING

Victims of Auto Accident Doing Well  
—F. B. Lee Not Held  
for Driving.

Mrs. C. H. Burch, who was run down by an automobile at Third South and Main streets Saturday night, is rapidly recovering and was not seriously hurt. Her husband, who was also knocked to the paving, practically escaping injury, is also able to be out of doors and is enjoying his experience at a busy Salt Lake corner with interest. They came to Salt Lake from Lake Shore to attend the conference and are stopping at 622, Eighth East street.

F. B. Lee was not the driver of the automobile that caused the accident. Shortly after the accident he was arrested by Patrolman J. F. Morris for exceeding the speed limit on the main street of Salt Lake. He was driving in the neighborhood of the accident a few minutes after it had occurred. The charge against Lee appeared on the police court blotter yesterday, but was returned to the state and will probably be dropped.

Because the city council has never adopted new ordinances regulating the speed of an automobile since the legislature enacted new laws on the subject it has been impossible for the city to prosecute such cases. Whenever a chauffeur is arrested for violating the speed ordinance the case goes to the justice court. In turn is referred to the justice court of F. M. Bishop on the outskirts of the city. Liable to lose a day's wages in attending trial, the arresting police officers never sign complaints against chauffeurs that they take into custody.

Both Mr. and Mrs. Burch will be able to attend the meetings today, in company with Mr. and Mrs. P. E. Lovelock of Benjamin, who were with them at the time of the accident.

## SALOON MAN CITED TO APPEAR BEFORE COUNCIL

Charles S. Swaim, proprietor of the Plaza bar, at 24 West Third South street, will be cited to appear before the city council next Monday night at 8 o'clock to show cause why his license should not be revoked. This action was taken by the council last night on receipt of a letter from Chief of Police Sam M. Barlow that the police had absolute proof that liquor had been sold in the Plaza saloon last Sunday, April 3. The chief of police asked that the council revoke the license at once, but the usual practice will be followed in giving Swaim a hearing before the council at regular session, and if the charges are proven, it was declared last night, the license would be revoked.

### DIES OF NEPHRITIS.

Marjorie Moulton, aged 5 years, daughter of Mr. and Mrs. A. A. Moulton, died last night at the family residence, 361 Fifth East street. The cause of death was nephritis. Funeral arrangements have not as yet been decided upon.

### FATHER DIES AT BUTTE.

M. H. Cohen, who is a guest at the Wilson hotel, received a telegram from Butte, Mont., last night asking him to locate Ray Koski, whose father, a prominent wine merchant of Butte, died yesterday. Mr. Cohen will be at the Wilson several days.

## BOND FUND BEING RAPIDLY DEPLETED

Money Voted by City Last  
July Will Soon be  
Expended.

Most of the sewer bond fund of \$125,000 was spent in 1909 by the city, and more than half of the water bond fund of \$475,000 is gone, as shown in a statement just finished by the city auditor's office. The money was voted at a election on July 26 last, and it is believed practically the whole fund will be exhausted this year.

In regard to the water bonds of \$475,000, the report shows that \$188,889.52 was spent during 1909, as follows: Engineering department, \$73,934.53; insurance on bonds and litigation, \$479,066; third and fourth precincts, \$14,620.17. There was \$225 left on hand in these funds at the beginning of 1909, which leaves \$246,328.97 still in the water bond fund. At least that amount was left there at the beginning of 1910, but much of this has been paid out for extensions this year.

Of the \$125,000 received in sewer bonds, only \$53,906.19 remained at the beginning of this year, and it is stated that more than half of this amount has been spent thus far in 1910. The chief items in using up the bond fund was \$23,556.27 for the main intercepting sewer and \$34,160.13 for the discharge of the main intercepting sewer and the pumping station. Other expenditures brought the total for the year up to \$71,092.51.

## SUPREME COURT OPINIONS ON RIGHTS OF RAILWAYS

(Continued From Page One.)

prejudice to the cases arising under the law as amended.

Justice White, in announcing the opinion in the Arkansas case, spoke of the "right of the railroads to sail under the flag of the constitution," rather than the black flag, in using this language in the announcement of the opinion, Justice White was referring to the decision of the supreme court of Arkansas which discussed the fact that the St. Louis Southwestern railway was unable to furnish more cars for local traffic, because of the requirements of the American Railway association as to cars going out of the state of Arkansas. The Arkansas court had said:

"In the written opinion the rights of the railroads were phrased somewhat differently from what they were in the oral explanation of the court.

Among other decisions, the court upheld the act of Arkansas prohibiting drumming up of business by physicians and hotel keepers on trains.

The supreme court today decided the case of the Southwestern Oil company vs. the State of Texas in favor of the state, thus upholding the constitutionality of the Texas law, which fixes a tax of 2 per cent on the gross receipts from the sale of oil, naphtha, etc.

In announcing the decision Justice Harlan held a classification of wholesale dealers, as distinct from retail dealers, for purposes of taxation, was a proper exercise of power possessed by the state.

An opinion by the late Justice Brewer was today made a part of the supreme court. The late justice had prepared an opinion of the court in the controversy in Louisiana over the McEnery land scrip and decided it in favor of the holders of the scrip. In so doing he affirmed the judgment of the supreme court of Louisiana in the case of J. W. Freilisen & Co. against A. W. Crandall, register in the land office.

The supreme court today affirmed the decree of the federal court of Hawaii sentencing John Wehne to be hanged on a charge of having murdered Archibald McKinnon.

The city of Los Angeles was given the paramount right, so far as the Los Angeles Farming & Milling company is concerned, to take and use all the waters of the Los Angeles river, by a decision of the supreme court.

The hearing before the court today failed to announce any decision in the Standard Oil suit, the tobacco suit or the corporation tax cases. 2

The possibility of a re-argument of any of those cases.

## The Army of Constipation

Is Growing Smaller Every Day.

CARTER'S LITTLE LIVER PILLS are responsible—they not only give relief—they permanently cure Constipation. Millions are cured by them for Bilelessness, Indigestion, Sick Headache, Sallow Skin, Small Pill, SMALL DOSE, SMALL PRICE.

## Mc DONALD'S COFFEE-COCOA

BREAKFAST LUNCH DINNER

## HE KNOWS WHEN SHE BUYS IT SHE WILL BUY IT AGAIN

Just a few words about McDonald's  
Coffee-Cocoa as a hot drink

More fragrant than coffee; more delicious than cocoa.

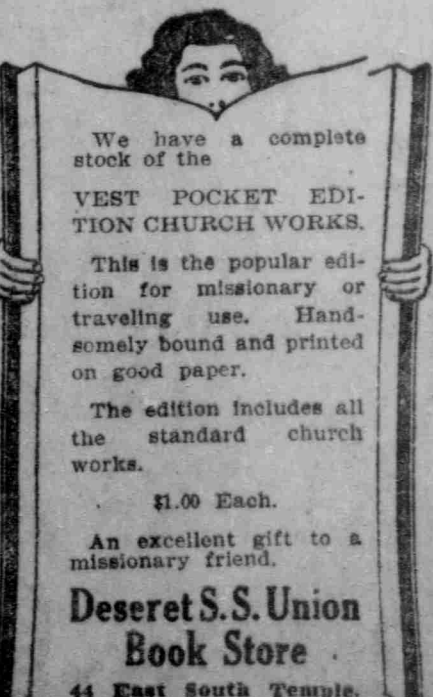

Not only is it better, but it is cheaper than either.

Coffee-cocoa enriches the blood, tones up the system, relieves the tired feeling, is particularly satisfying, and withal the most exhilarating drink ever served at a meal.

The least expensive soluble drink in the world. Instantly made. No boiling necessary.

For sale at all groceries. Half pound 30c; pound 60c.

We have already told you how rich and full and satisfying it is when served ice cold with cream at soda fountains—5c.
